Brakenpaw: Oh, you didn't take long. Did you know there's 3,572 leaves on that tree?

Warriors in a Nutshell

The first warrior cat series in a nutshell:

A fire cat joins a group of cats and meets death. He meets a girl cat and she dies and so he saves another group of cats and then finds out that Tigerclaw is evil. He ends up kicking Tigerclaw out, kills a pack of dogs, and becomes leader. Tigerclaw becomes butt and merges his clan with another so Fire cat fights them and saves the forest and death. The end

Warrior Cats

My friend said that the 'Hunger Games' was the only book that would ever make you cry so I chucked a bunch of 'Warriors' books at them.

Authors note:
If you're reading this, so sorry for not posting a lot. Life is getting harder as I'm getting older but I'll try to post more, I promise. Anyways, thanks for 6k reads!!! It blew my MIND when I saw how many people have read these little spoofs!! Thanks so much!

Later that week, she threw a dead hedgehog that she had caught at me

Cloudtail to Firestar: Firestar, when I was captured by twolegs they read me a story where a twoleg followed a rabbit into a hole and ended up in a magical place! ((Alice in Wonderland))

Firestar: And..?

Cloudtail: so I followed a rabbit into a rabbit hole and I followed it for what felt like hours and I found these tunnels and I saw something move at the edge of my vision that wasn't a rabbit!

Firestar, now interested: What happened?

Cloudtail: So then I turn and I see this really ugly bald cat with gray eyes that says 'I am Rock.' And then I said, This rock?' And picked up a cool rock and left!

Cloudtail holds up mishshapen rock

Jayfeather in the background: Still not as good as my stick..

Dark Forest

Thistleclaw: Why do all the cats here have dark names? There's Mapleshade, Brokenstar, Tigerstar, Hawkfrost, or Darkstripe. Why isn't there a cat called Fluffyheart or something?

Brightflower: *cries* ANOTHER REASON WHY I WASN'T SUPPOSED TO BE HERE

Mistystar

Mistystar: I tried to catch some fog yesterday.

Yellowfang:

How Bluestar's death truly happened

[image]

You know how we were told that Bluestar sacrificed herself for Fireheart by knocking the dog off the cliff? Everything is a lie...

Bluestar(after having too much catmint): Fireheart!! Look at me!! I can fly!!

Fireheart: Bluestar, what the fox-dung are you saying??

Bluestar; Fireheart, watch!!

Bluestar jumps off cliff

Fireheart: BLUESTAR

Bluestar dies

Literally everyone:

FIRESTAR WHAT THE HECC

This is after Cinderpelt got her leg crushed(that poor bean, she deserves so much more ;-;;-;;-;;-;)

Firestar: Knock knock!

Cinderpelt: Who's there?

Firestar: Not your leg!!

Warriors in a nutshell(series 2)

So Firecat had 2 kids(one of which is brown which doesn't make sense since he and sandstorm are ginger/blonde??) and the kids go on a quest with Nice Tigerstar, Feathertail, Stormfur, Angry Apprentice, and Tawnypelt.

They find the ocean just to talk to a badger, and decide to travel back. They meet a clan in the mountains that takes Stormfur hostage. Feathertail is like "Yolo" and stabs a big cat with a rock, accidentally dying. Rip in Peace.

The survivors get home and tell the clan "Yo guys we gotta go" since their territory is being absorbed by to twolegs, but then Graystripe gets snatched. They leave him and go to their new home, and the cats who don't like it get crushed by a tree.

Leafpool and Angry Warrior(once angry apprentice) fall in love and run off before realizing it was a bad idea. They go back to find Leafpool's home being destroyed, and Cinder B elt is reborn. Nice Tigerstar gets dreams about his dad where all he does is battle, and he ends up killing his brother to save Firecat. Graystripe is still off in the corner where no one has searched for him.
